

# THE CHESTER COUNTY HOSPITAL *Foundation*

President & CEO, Michael Duncan and Larry Bell, Sr. Project Manager, Real Estate, Design & Construction

The year 2020 is on the horizon, marking the completion of our current expansion project. Since the beginning of 2015, our hospital family and trusted partners have worked tirelessly to design, build and prepare for the opening of Chester County Hospital's most transformational expansion yet. And in just a few months, the product of this combined labor will be made available to our community.

Chester County Hospital will open its new main entrance in January 2020, unveiling 250,000 square feet of progressive, patient centered design. The new space will feature 15 state-of-the-art operating rooms, 3 high-tech cardiac labs, 99 private patient rooms, an expanded Emergency Department, new pharmacy, a rooftop helipad, interior courtyard and healing garden. These advancements will support our nationally recognized medical staff, nurses and care teams in providing our patients with the highest quality care in the region.

As I reflect on our past and look toward our bright future, I am incredibly proud and grateful for all we have been able to achieve together as a community. Our expanded footprint will also make way for enhanced leading-edge programs and services for our patients. This internal growth relies on philanthropic support from our loyal community. **Your support, now more than ever, will provide resources for advancements that were not possible before!**

The future of health care is right now, right here in Chester County. We are on the brink of an exciting new chapter. I hope you will continue to support our efforts in bringing world-class health care to our family, friends, and neighbors.

Sincerely,

Michael J. Duncan  
President & CEO

### Double the Impact of Your Gift!

Find out if your gift qualifies for a matching gift from your employer; many companies extend a corporate match for retired employees as well.

If a box is not checked, your donation will go unrestricted to the hospital's greatest need.

Chester County Hospital, which is part of Penn Medicine, is a non-profit organization dedicated to the health and well-being of the people of Chester County and surrounding areas. Our team is grateful to the generous donors and volunteers whose philanthropic nature and commitment to quality health care helps sustain the charitable mission of the hospital.

The Foundation was created in 1983 to support Chester County Hospital. Gifts to The Chester County Hospital Foundation have an immediate impact on our community's health and well-being. It is Chester County Hospital's Vision to be the leading provider of care, in the region and a national model for quality, service excellence, and fiscal stewardship. Donor support for the hospital has helped us invest in people, programs, cutting edge technology, and state-of-the-art facilities. Exciting advances in patient care continue as we make forward-looking commitments to future care initiatives.

Chester County Hospital provides quality medical and nursing services regardless of an individual's source of income or source of payment. The hospital is committed to serving all members of its community. In addition, the hospital provides health activities and programs to support the community. These activities include wellness programs, community education programs and specialty programs for the elderly, medically underserved, and a variety of broad community support activities.
